1. The amendment filed 05/17/07 have been entered and made of record.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Misha Kim Hill on 07/19/2007.

2. The application has been amended as follows:

IN THE CLAIMS

CLAIM 27, after line 8, insert - - forward link transmission rates associated with received data packets corresponding to the outbound packets, service classes associated with the received data packets corresponding to the outbound packets, and - -;

CANCEL CLAIM 34

Allowable Subject Matter

3. Claims 1-25, 28-29, 26, 27, 30-33 are allowed.
4. The following is an examiner's statement of reasons for allowance: the prior art (6104700, 6865185, 6850764) of record does not appear to teach or render obvious the claimed limitations in combinations with the specific added limitations, as recited from independent claim 1: "controlling a degree to which an order in which the outbound packets are transmitted to the recipients varies based on: (a) the forward link transmission rate associated with each of the received data packets corresponding to

the outbound packets, (b) the service class associated with each of the received data packets corresponding to the outbound packets, and (c) a degree to which an average forwarding percentage for the service class associated with each of the received data packets corresponding to the outbound packets falls below a minimum average forwarding percentage rate assigned to the respective service class”.

5. The following is an examiner's statement of reasons for allowance: the prior art (6104700, 6865185, 6850764) of record does not appear to teach or render obvious the claimed limitations in combinations with the specific added limitations, as recited from independent claim 26: “controlling a degree to which an order in which the outbound packets are transmitted to the recipients varies based on: (a) the forward link transmission rate associated with each of the received data packets corresponding to the outbound packets, (b) the service class associated with each of the received data packets corresponding to the outbound packets, and (c) a degree to which an average forwarding percentage for the service class associated with each of the received data packets corresponding to the outbound packets falls below a minimum average forwarding percentage rate assigned to the respective service class”.

6. The following is an examiner's statement of reasons for allowance: the prior art (6104700, 6865185, 6850764) of record does not appear to teach or render obvious the claimed limitations in combinations with the specific added limitations, as recited from independent claim 27: “controlling a degree to which an order in which the outbound packets are transmitted to the recipients varies based on: (a) the forward link transmission rate associated with each of the received data packets corresponding to
